

## INSTRUCTIONS TO FIT

# LE BEANOCK (PATENT PENDING)

Inside your ACME LE BEANOCK KIT

You should have

- 4 SWING HOOKS
- 4 LARGE CARBINE HOOKS
- 4 SMALL CARBINE HOOKS
- 4 LENGTHS OF CHAIN
- 1 OUTER BAG
- 1 INNER FILLED BAG

First of all locate your ceiling joists, not difficult to do especially if you have a handyman about, or one of those gadgets you can get from any DIY store that can tell you where metal and wood are located in walls and ceilings. Alternatively, measure the ceiling joists from the loft.

Use a 6 mm drill bit and drill a hole into the CENTRE of the joist. Then take a ceiling hook and screw it firmly home. You may need to use a wrench or strong bar to assist you. The swing hooks should form a rectangle on the ceiling of the size of LE BEANOCK you have; i.e. 2 metres apart at the back and front and 1.75 metres from the back to the front for LE BEANOCK large.

When you are happy with the position of your swing hooks, attach the LARGE carbine hooks to LE BEANOCK through the eyelets. Attach the chain then the small carbine hooks to the other end of the chain and clip onto the swing hooks

**ET VOILA!!!**

YOU ARE NOW THE PROUD OWNER OF LE BEANOCK!!

WELCOME TO THE REVOLUTION OF TRYING TO GET THE AGE OLD 3 PIECE SUITE OFF THE GROUND AND SKYWARD AND INTO !!!! "THE 21ST CENTURY" !!!!

**LE BEANOCK** is the most wonderful contemporary seating zone for 'human beans'.

**3 LE BEANOCKS** hanging together make the 3 piece suite a thing of the past.

**LE BEANOCK LARGE** can be heightened at the back by shortening the chains to become... THE ARIEL SOFA.

**LE BEANOCK SMALL** can be heightened at one side, thus becoming THE ARIEL CHAIR.

DISCLAIMER

AS LONG AS YOU HAVE FOLLOWED THE ABOVE INSTRUCTIONS, YOUR LE BEANOCK WILL PROVIDE YOU WITH ENDLESS COMFORT.

# SOME THINGS YOU SHOULD KNOW ABOUT YOUR **LE BEANOCK**

By Tracie Herrtage... designer

Firstly, as long as you have followed the instructions your LE BEANOCK is safe.

Once suspended and before you get on, distribute the beans into the corners and kind of plump it up as you would a cushion.

Climb on with care as you would a hammock, but remember LE BEANOCK is a stable platform so you won't fall out, unlike a hammock. Remove footwear, as this will prolong the life of your LE BEANOCK cover.

The prototype has bean... sorry... been in use by my family over the last 6 years. LE BEANOCK(S) has hung at the family beach hut in summer, under pergola, in the summer house and indeed is the most comfortable 3 piece suite we have ever owned.

Each LE BEANOCK will comfortably hold two people and has been weight tested to 200 kgs. To get out of your LE BEANOCK hold onto the CHAIN, like a swing and pull yourself up.

TOTAL COMFORT FOR ANY AGE VERY GOOD FOR MEDITATION

PLEASE SEND ME A PHOTO OF WHERE YOU HANG YOURS

Any questions or feedback is welcome and I hope you will enjoy your LE BEANOCK(S) as much as we enjoy ours...
